

## Project Status Report for Month Ending: February

Report date: 28 February 2017

Project Manager: TE

Project Name: Traffic Signalization – Traffic Signalization-Gate Pkwy at Blue Fin Dr

EPIC Project number: 2016-0089

FAMIS Project Number: PW0235-09

Planning District: \_

Council District: 11

### *Traffic Engineering(s)*

#### Project Scope

The purpose of this project is to provide funding for signalization of intersections. When the Traffic Engineering Division deems that an intersection meets the criteria for signalization, these funds will provide the resources to design and install the necessary traffic signals. This project will signalize Gate Parkway at Blue Fin Drive.

#### Key Milestones Table
